

signatures. We will assist in helping to acquire the staplers, cutters, and in supplying the signatures.

The third tier is the Partnering Church. This church is actively involved in developing a network of churches in their area to help them. They will encourage other churches to give of their time and money to produce Scripture on a larger scale.

Bearing Precious Seed Mobile is a wonderful way of involving the local church in missions. It is an exciting way that all members of your church can be involved. We have had children as young as three and

those who were retired working together in the assembly of the Scripture. This also allows those who would not be able to go to the mission field to be an active part in reaching the world with the Gospel.

Our aim is to glorify God and His Son Jesus Christ by the publishing and propagation of the Scripture so the lost may hear the Gospel of their salvation.

## Who is BPS Leduc and what is the ministry God has given us?

Bearing Precious Seed Leduc is a local church ministry with a burden to get Scriptures in the hands of Canadian church planters, local church missionaries, and churches all over the world.

There are over 6.5 billion people on the earth, with a large percentage having never heard the Gospel; and most of those have never seen a copy of the Word of God. The numbers are staggering, of the 6,809 known languages only 405 have a complete Bible and 1,034 have the New Testament. This leaves 5,370 with only a portion of the New Testament in written form. The task is formidable but we have a great God who is able "to do exceedingly abundantly above all that we ask or think." David said when looking at Goliath, "is there not a cause?" We have a cause; the Bible says "So then faith cometh by hearing, and hearing by the word of God." We need to publish and propagate the Word of God among all nations.

God has entrusted His Word to His people,

to the Jews were committed the oracles of God. Now God has given this privilege to the church. The publishing houses of the world have never had the mandate to preserve God's Word; it has been given to the people of God. With this in mind, Bearing Precious Seed Leduc is challenging local churches to be involved not only in the propagation but also in the preservation of Scripture. We do this through the Mobile Ministry. Local churches get to have a hands on experience with the Scripture and thereby being a co-laborer with God in the preservation of His word, as well as giving out the Gospel.

Here's the plan, a church can be involved not only by giving for Scripture but also by getting their hands on the Scripture. Through the BPS Mobile ministry of Vision Baptist Church, any church can have the experience of collating, stapling, cutting, and boxing and then shipping Scripture to many countries of the world. There are three "tiers" at which a church can be involved: the Project Church, the Planted Church and a Partnering Church. (Thanks to First Baptist Church of Milford for the concept and encouragement.)

The first tier is the Project church. This is the basic level at which the church can be involved. This tier does not require the church to invest any money into the equipment. BPS Mobile would come to your church with the signatures (Scripture), the staplers, and the cutter. Your church would come on the appointed day and we would assist you in assembling, stapling, cutting and boxing the Scripture. We suggest that you assemble scripture for your own ministry and some for a missionary. This way you can be involved in the whole of the Great Commission. The costs for the Project church are the Scripture and help to offset the traveling expenses.

The second tier is the Planted Church; this is for the church who desires to have more involvement in Scripture assembly. This church takes the sacrifice to the next level. The Planted church will acquire their own equipment like staplers, cutters, and a folder. This step takes more sacrifice of time and money. This church will be regularly involved in the assembly and shipping of the Scripture. The cost to the Planted church is much higher for they have to purchase their own equipment and the cost of the
